

Thanks for installing the asset!

To add a force field to your project, create a Sphere and place the Assets\Isle of Assets\Mobile Force Field\Materials\ForceField_1.mat material on it. Or use the Assets\Isle of Assets\Mobile Force Field\Prefabs\ForceField.prefab prefab.

All files are signed and placed in their respective folders, so I think there will be no problems. Otherwise, write to the mail isleofassets@gmail.com

Please do not forget to rate this asset in the Asset Store! :)
